

Wah Yan College, Hong Kong

Dear Wah Yan Community and Friends of Wah Yan,

In pursuit of our Facility Upgrades Plan, we aim to secure the necessary funding and resources to deliver quality education and relevant opportunities for our students to explore, reflect on, and discern their aspirations and future paths - *cura personalis*. We sincerely invite you to support us by contributing to the College and helping create a hopeful future for generations of Wahyanites.

We invite you to explore the naming and appreciation opportunities outlined in the table below. These forms of recognition reflect our commitment to honouring benefactors and contributions to Wah Yan's legacy. Our intention is to maintain them at our venues for a minimum of 10 years.

Contributions may be made in the name of an individual, a group, a graduating cohort, or to commemorate a significant figure within the Wah Yan community. We also welcome suggestions for donations toward areas of support not currently listed.

Please note that the amounts listed in the table may not precisely reflect the costs associated with each venue. Instead, they represent contributions toward the broader Facility Upgrades Plan and potential future needs. All naming and appreciation decisions require final approval from the College's IMC.

Our goal is to reach **the overall target of \$20,000,000 by the end of 2025 and the facility upgrades will be completed by August 2026**. Lastly, let us remember one recurring mark of a Wahyanite, to serve without counting the cost. We understand service can come in many different forms, so we sincerely invite all to contribute generously, including spiritually, in that they pray for this endeavour.

Blessings,

Fr. Alan Wong, S.J.
Supervisor

Dr. Davis Chan
Principal
